AGREEMENT ON THE LABOUR RELATIONS COMMITTEE (LRC)

The intent of the Union (Unifor) and Bell Technical Solutions is to work together in an ongoing effort to strengthen the working relationship throughout the entire organization.

Both parties wish to formalize joint committees responsible for administering the application of various processes and obligations, within the current Collective Agreement.

Both parties wish to formalize a forum to develop the consistent application of the current Collective Agreement and to discuss other matters that may affect the workforce.

Therefore, the parties agree to maintain a joint committee, namely the “Labour Relations Committee” (LRC).

1) The mandate of the LRC will be:

- a) To support the application of processes within the Collective Agreement- including but not limited to upgrades, transfers, inter-provincial assignments, employee benefits, etc.,
- b) The forum for discussing any changes in the business that could affect the workforce,
- c) To review and suggest changes to all new or modified policies issued by the Company,
- d) To clarify, where required, the interpretation and the application of various provisions of the Collective Agreement as required,
- e) To review trends related to grievances or workplace issues that may arise from time to time, without addressing individual grievances. The LRC will have no authority over grievances that are currently in the grievance process (articles 13 and 14) with the exception to article 14.07.
- f) To establish and mandate future committees when the need arises,
- g) To review the effectiveness of various forums created by the LRC,
- h) To jointly communicate outcomes derived from the LRC when necessary.

2) In addition to its mandate above, the LRC shall serve as the forum for information sharing and discussion on the following matters, as provided for in the applicable Letters of Agreement.

- a) **Joint Skills Development Committee (JSDC)** – Quarterly updates to:
 - Review and evaluate current and future skills development and training programs.
 - Support consistency of skills development programs across the province of Ontario.

- Promote the development and maintenance of effective and up to date skills for employees in the bargaining unit.
 - Develop methods to encourage experienced Technicians to act as Mentors and Trainers.
- b) **Daily Movements** – Upon request, information and discussion regarding daily movement processes as set out in Letter of Agreement #19
- c) **Employee Benefits Programs** – Annual discussion of benefits matters referenced under Letter of Agreement #25, including general trends or program changes.
- d) **Support for Employees Experiencing Racial Discrimination** – Annual updates regarding support frameworks and initiatives established under Letter of Agreement #24, excluding individual cases

3) The LRC will be formed by equal members as follows:

<u>Company*</u>	<u>Union**</u>
• Director – Labour relations • Senior consultant – Labour relations • Two (2) Directors operations • One (1) Senior manager operations	• Bargaining committee members • National representative

*Any additional participants may be invited to attend these said meetings.

** Article 5.06 Health and Safety Representative will only participate in the JSDC discussions.

4) The LRC will meet quarterly in hybrid mode at the Company's Corporate Office or at any other mutually agreed-upon location. The members of Union LRC will be in-person for those quarterly. Any ad-hoc LRC meetings will be held virtually.

5) All discussions of the committee that take place at an LRC meeting are "working discussions" and do not constitute an agreement to modify the existing language or procedures in the Collective Agreement.

6) Any discussion that results in a change to the application of the Collective Agreement in whole or in part shall be in the form of a Memorandum of Agreement signed by the parties.

7) Any Memorandum of Agreement signed by the parties will be posted on the Company website with the posted minutes of the meeting.

8) It is understood that the above does not limit the ability of the Company to issue policies.

This Agreement is signed in Montreal on September 23rd, 2026.

LETTER OF AGREEMENT NO. 2 – Medical accommodations

AGREEMENT BETWEEN

AGREEMENT ON MEDICAL ACCOMMODATIONS

Whereas the Company and the Union recognize their respective obligations to accommodate employees who are facing restrictions to perform the full duties of their position due to disability or medical restrictions, up to the point of undue hardship.

Whereas the Parties acknowledge that most bargaining unit positions at Bell Technical Solutions require field-based work involving physical effort (e.g. climbing, lifting, driving, using tools and equipment), and that opportunities for sedentary or non-field duties are very limited.

Whereas the Parties acknowledge that the employees have the responsibility to check for job opportunities and may apply for such positions through the normal posting and selection process

The parties agree as follows:

1. The Company will continue to make reasonable efforts to accommodate employees in their existing positions wherever feasible, including temporary or permanent modified duties, provided that these duties respect the employee's medical restrictions and remain compatible with operational requirements and business needs. For greater clarity, nothing in this provision requires the Company to create a new position, to displace another employee, or to permanently remove the essential duties of a position.
2. Where accommodation within the employee's current role is not feasible, the Company, the employee and the Union will collaborate to identify existing job opportunities that may be suitable.
3. The Parties will establish an Accommodation Review Committee consisting of:
 - The Senior Manager, Labour Relations, or their delegate
 - The Unifor National Representative, or their delegate
 - A Senior Manager representative from the Business Unit

Other key stakeholders may be invited to participate in the Committee's work on a case-by-case basis.

4. The Committee's role is to support the accommodation process by reviewing complex or extended cases that are referred to it by the Parties, engaging in discussions, identifying viable accommodation options, and providing recommendations. The Committee does not replace the normal decision-making responsibilities of management, nor the rights of the Union or employees under the Collective Agreement. Referral of a case to the Committee is not a mandatory precondition to implementing or modifying an accommodation measure.
5. Active accommodation cases referred to the Committee by the Parties will be jointly reviewed, as required, normally on a quarterly basis. Reviews will include updated medical restrictions information (where available) and consideration of available duties. The meetings of the Committee will be held via conference call.

6. Should any issues arise concerning the Committee or the application of this LOA, the parties agree to address them at the Labour Relations Committee meetings, allowing for ongoing dialogue and adjustment as needed.

This Agreement is signed in Montreal on September 23rd, 2026.

AGREEMENT ON WORK BELONGING TO THE BARGAINING UNIT

Although the Collective Agreement does not include specific limitations on Operations Managers performing work belonging to the bargaining unit, we clearly intend to support the following principles:

- 1) All Operation Managers, either permanent or temporary, have many responsibilities and will not be used to replace Technicians, Cable Pullers and Logistics Attendants.
- 2) On the other hand, this principle should not prevent an Operations Manager from working with their team members to reinforce their training, get a better understanding of appropriate work methods or provide support.

LETTER OF AGREEMENT NO. 7 – Upgrades

AGREEMENT BETWEEN

Unifor
115 Gordon Baker Rd Toronto ON M2H 0A8

AND

Bell Technical Solutions Inc. 75 rue J.A. Bombardier
Suite 200 Boucherville, Québec J4B 8P1

AGREEMENT ON UPGRADE OF STATUS FOR ALL CATEGORIES OF EMPLOYEES

The Union and the Company agree to implement a new upgrade and transfer process that will supersede the current processes. This new process will be effective with the signing of the collective agreement and is designed to enhance transparency, fairness, and efficiency in the upgrade of employee statuses.

Upgrade and Transfer Process

1. Prior to every other eight-week schedule, the Company will use the most recent seniority list to determine the number of vacancies available for each classification as outlined in Article 16.02(e) by common locality. This information will be communicated by email to the Union Labour relations committee for its consideration.
2. The Company will post internal vacancies for all employees within the bargaining unit. These postings will remain open for a period of 14 calendar days, during which employees may express their interest in the available positions.
3. The Company will adhere to the maximum percentages specified for each classification in Article 16.02 (e) and will prioritize the most senior employee who applies for the posted vacancy, provided that this employee has more seniority than the next eligible employee for an upgrade in the common locality where the vacancy exists. It is understood that the selected employee will accept the status of the position they are awarded.
4. Should an employee wish to apply for multiple positions, they may select up to three options and rank each position from 1 to 3, with 1 being their first choice and 3 being their least preferred choice.
5. In instances where relocation is necessary, the costs associated with relocation will be borne by the employee, if applicable. Employees will be provided up to thirty (30) days from the effective date of the transfer to complete the relocation.

In the event an employee is unable to relocate within this timeframe, the Company may rescind the transfer and proceed to the next eligible candidate.

6. If an employee declines the position offered, the next candidate in line will be selected based on the established criteria.

7. In the event that there are no applicants for a vacancy, the next eligible employee for an upgrade in the common locality where the position was posted will be automatically upgraded.
8. The Company will set up a virtual meeting to review the number of upgrades required for the province of Ontario with the LRC committee. The effective date of the upgrades will be communicated to the LRC committee and shouldn't be later than the first day of the next applicable eight-week schedule.
9. Upon receipt of the upgrade offer, the employee will have seven (7) days to return all necessary documentation, duly completed and signed, to the Company. Where applicable, and in accordance with the benefits program, any salary adjustment and defined contribution plan changes will be applied retroactively to the effective date of the upgrade. Failure to return the required documentation within the specified timeframe will result in the employee forfeiting eligibility for the upgrade or transfer, and the Company will proceed with the next eligible employee accordingly.
10. A list of eligible employees will be prepared as of each every other eight-week schedule. The LRC will aim to maintain the following percentages to provide the required flexibility in the common locality:
 - 65% of technicians as Regular Full-Time Employees
 - 15% of technicians as RFT-1
 - 15% of technicians as RFT-2
 - 35% of technicians as RFT-3
 - 35% of technicians as Regular Part-Time Employees

Upgrades for Logistics Attendants:

11. Simultaneously, when the Company and the LRC committee reviews the number of upgrades for Technicians, they will also determine the number of upgrades for Logistics Attendants. Upgrades for Logistics Attendants will be based on the conditions outlined in Letter of Agreement #21 on Logistics Attendants. For clarity, upgrades within Logistic attendants, are not subject to the internal posting process outlined in Point 2.
12. Logistics Attendants who wish to apply for an Installation & Repair (I&R) Technician vacancy must do so through the internal posting process available to all employees, as outlined in Point 2 above, provided they are fit and qualified to perform the work.
13. The Company agrees to place the Logistics Attendant in the next class of I&R Technician training scheduled for the common locality.

Upgrades for the Cabling division:

14. In conjunction with the upgrade process for I&R Technicians, the Company will also review the number of upgrades within Cable Pullers, working towards the following percentages to ensure flexibility within the common locality:
 - 65% of Cable Pullers as Regular Full-Time Employee
 - 15% RFT-1
 - 15% RFT-2
 - 35% RFT-3
 - 35% of Cable Pullers as Regular Part-Time Employees

15. Structured cabling technicians who wish to apply for an Installation & Repair (I&R) Technician vacancy must do so through the internal posting process available to all employees, as outlined in Point 2 above, provided they are fit and qualified to perform the work.
16. The Company agrees to put the Technician in the next class of I&R Technician training being held in the Common Locality in order to provide the required skills upgrade.
 - i. 65% of Cable Pullers as Regular Full-Time Employee
 - 15% RFT-1
 - 15% RFT-2
 - 35% RFT-3
 - ii. 35% of Cable Pullers as Regular Part-Time Employees
17. In addition, the Company will review the number of upgrades for Cabling Technicians working towards the following percentages to ensure flexibility within the common locality:
 - i. 65% of Cabling Technicians as Regular Full-Time Employee
 - 15% RFT-1
 - 15% RFT-2
 - 35% RFT-3
 - ii. 35% of Cabling Technicians as Regular Part-Time Employees

For clarity, upgrades within the Cabling Division, including Cable Pullers and Cabling Technicians, are not subject to the internal posting process outlined in Point 2 and employees will be upgraded automatically in accordance to their seniority and percentage mentioned above.

Mutual Transfer Program

18. The parties agree to establish a mutual transfer program that permits like-for-like permanent transfers between common localities.
19. A mutual transfer may occur between two (2) employees provided that both employees are in the same occupation and hold the same employment status, and are fully qualified to perform the duties of the position in the receiving common locality.
20. A mutual transfer shall result in the permanent transfer of both employees. The corresponding work centre shall become each employee's reporting centre effective the date of the mutual transfer. Any relocation costs associated with a mutual transfer shall be borne entirely by the employees.
21. An employee may voluntarily accept a downgrade in status in order to meet the eligibility requirements of the mutual transfer. Employees acknowledge that accepting a lower status may result in other employees with less seniority receiving priority scheduling in accordance with the Collective Agreement.
22. Approval of the mutual transfer shall be subject to operational and service requirements and the Company's assessment of each employee's qualifications and performance. Only employees who are not currently on a Performance Improvement Plan (PIP) will be eligible for consideration.
23. An employee who completes a mutual transfer shall not be eligible to participate in another transfer for a

period of twenty-four (24) months from the effective date of the transfer.

24. This agreement represents a mutual understanding between the Union and the Company regarding the upgrades and transfer processes for all categories of employees and aims to foster a fair and efficient working environment.

4. The parties will also assess opportunities to review distribution of evening shifts when the report shows Regular Full-Time employees being frequently moved into other Common Localities while more junior employees in the receiving Common Locality are not scheduled evening shifts.
5. The parties agree that scheduling is subject to numerous parameters in the Collective Agreement and that any change or distribution of shifts must be subject to Articles 16 and 17.
